

## Certification Policy for the Supplier Diversity Program

At Netmonster, we are committed in doing business with certified minority- and women-owned companies. Through our Supplier Diversity program, Netmonster is continually identifying small and diverse suppliers that can add value to our businesses and help us achieve our long-term growth objectives. While we already have a strong network of diverse suppliers, we continue to look for ways to extend our reach into the community for qualified minority- and women-owned and operated businesses.

Netmonster recognizes minority and women-owned enterprises as those that are at least 51 percent owned and operated by minorities or women.

To be eligible for our Supplier Diversity Program, a company must provide certification as a minority or women business by one of the following councils:

- National Minority Supplier Development Council (NMSDC)
- Women's Business Enterprise National Council (WBENC)

Netmonster will also accept certification from local, state or federal government agencies. Netmonster does not accept self-certification, we encourage you to obtain certification from one of these councils or agencies.

If you are a certified diverse supplier and would like to be considered for or learn more about our program, please email us at [jmojica@netmonsterpro.com](mailto:jmojica@netmonsterpro.com). Please include a copy of your certification.

Sincerely,

A handwritten signature in black ink, appearing to read "J. Mojica", is written over the word "Sincerely,".
